Video Media Mash- Up

What are the lesson objectives?

Students will create a 1 min video that compares and contrasts the form and content of a informational and persuasive media

Self- Evaluation

Names:

Group: TRIX

Compare and contrast informative and persuasive media.

The informative and persuasive media are similar in the ways of: they're both media's and the difference the trix tell about bad thing and PSA tell good things

What is the intent or purpose of informative media?

The Informative media gives good fact about there brand

What is the intent or purpose of persuasive media?

The purpose of the persuasive media is to try to get you to buy its brand even though it may or may not be good.

Why is it important to create a storyboard?

A story board is important because it help you organize your work

Why is it important to have a central idea or focus in a script?

It is important because you focus on one script/main idea

Did you edit or make changes to your Media Mash-Up? What changes did you make and why?

Yes because our scripts were too short on one film so we put the music up louder for the trix

SR5 - E2R

What technology and software programs did you use?

The technology Software programs we used were computers, adobe premiere pro

What did you learn from this project?

We learned how to express our ideas, how to make a media by editing and what an informative and persuasive media is.

Is your Media Mash- Up successful? If so, why

Yes, because we finished it and made some cool editing in. We compared and contrast the psd and the commercial.
