ART

Script (revised)

1. Chuck Close was born in Monroe, Washington on July 3, 1940
2. At a young age he decided to pursue an art career
3. The majority of his works are massive-scale photorealistic or hyperrealistic portraits with an average size of 9 x 7 ft
 8. One of his most popular
4. One of the popular beliefs why ^{more} Close paints faces is because he suffers from prosopagnosia, commonly known as face blindness.
 - The rest of us just show up
5. Then on December 7, 1988 tragedy struck, Chuck Close had a seizure and suffered a spinal artery collapse, leaving him paralyzed from the neck down, leaving him condemned to a wheelchair for the ^{rest of} his life.
6. To this day he uses a specialized brace to paint
7. Close has made ^{and exhibited in public} many paintings in his lifetime most starring strangers, but some are of movie stars and even political figures.
