

## Self-Reflection

What was the assignment? (explain in your own words)

We made a documentary video of an artist of our choice.

What were the learning targets? I CAN...

I can now make silent movies  
I can make a video, and edit it and only include the important information

What did you do well in this assignment?

1. I created the "old time" feel, to emphasize Chaplin's work.
2. I told his story + how he did what he did and why.

What is one thing you would change?

1. I would change the song, for I would do a different old/runtime song.
